WOMEN AND THE WORLD OF WORK IN UZBEKISTAN

Projected by the group TxT

TABLE OF CONTENTS

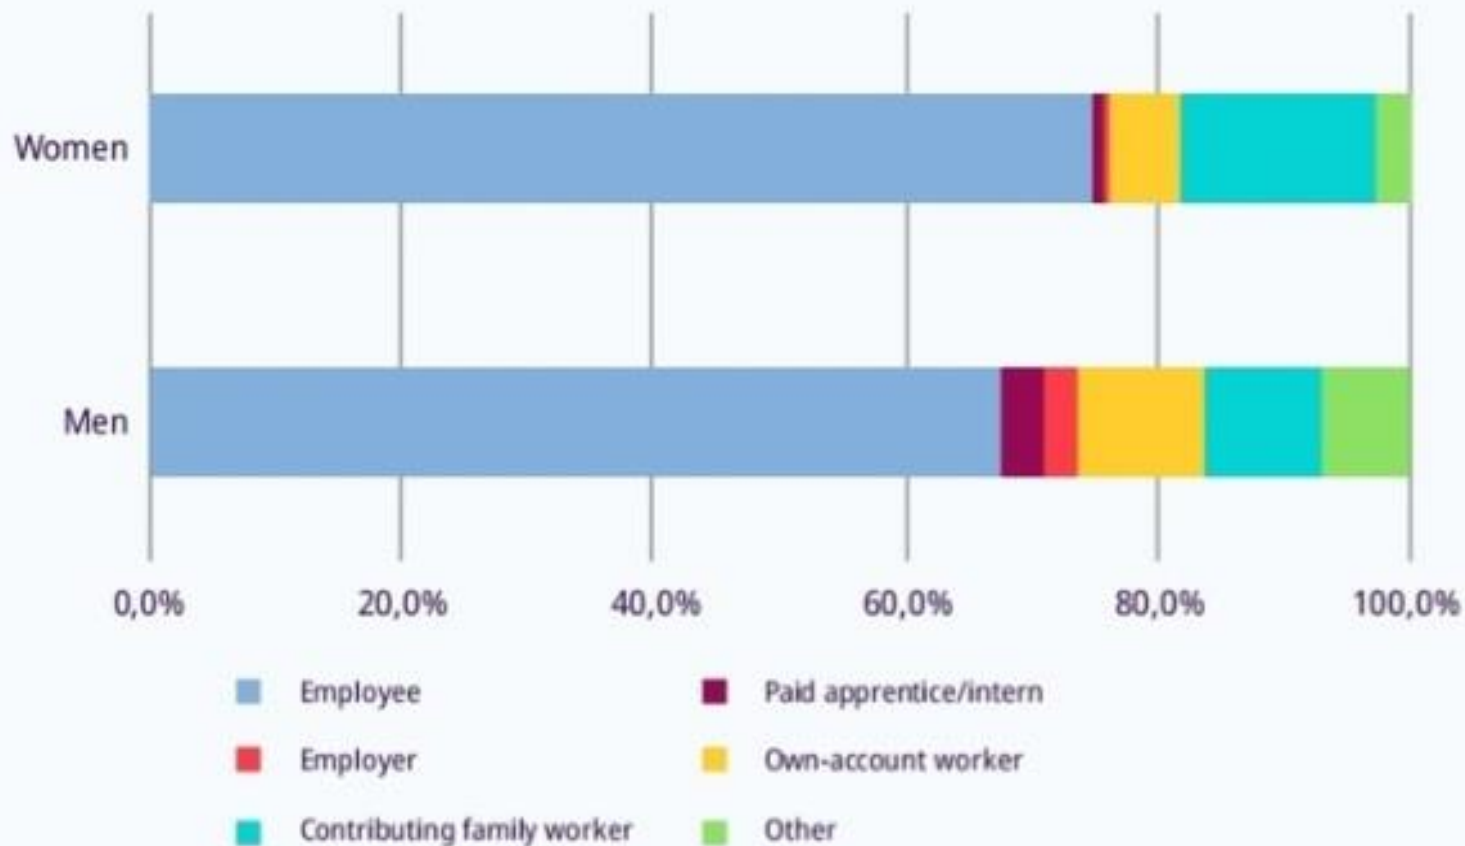

- * Gender gaps in the world of work
- Women are concentrated in lower position and child care and household work.
- Gender biases in laws, policies, and institutions.
- Gender bias can lead to negative unintended effects.
- Towards gender equality and decent work for all.
- Social protection for women and men of working age

SEARCH

< Majority of women are engaged in unpaid child care and household work. (nearly 90%)

< But employed Women are more employee than that of men.

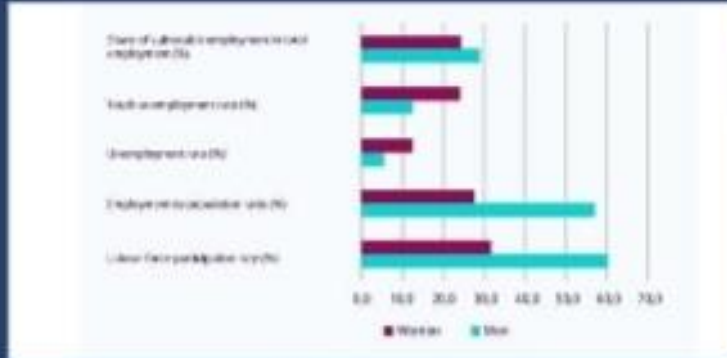

Men

In 2018, among the unemployed, 35% of men were unemployed for a year.

GENDER DIFFERENCES IN ACCESS TO EMPLOYMENT

Women

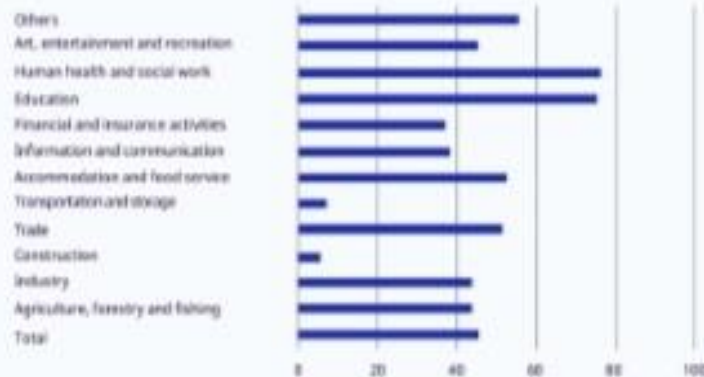

Women's unemployment rate was 50% higher than men's

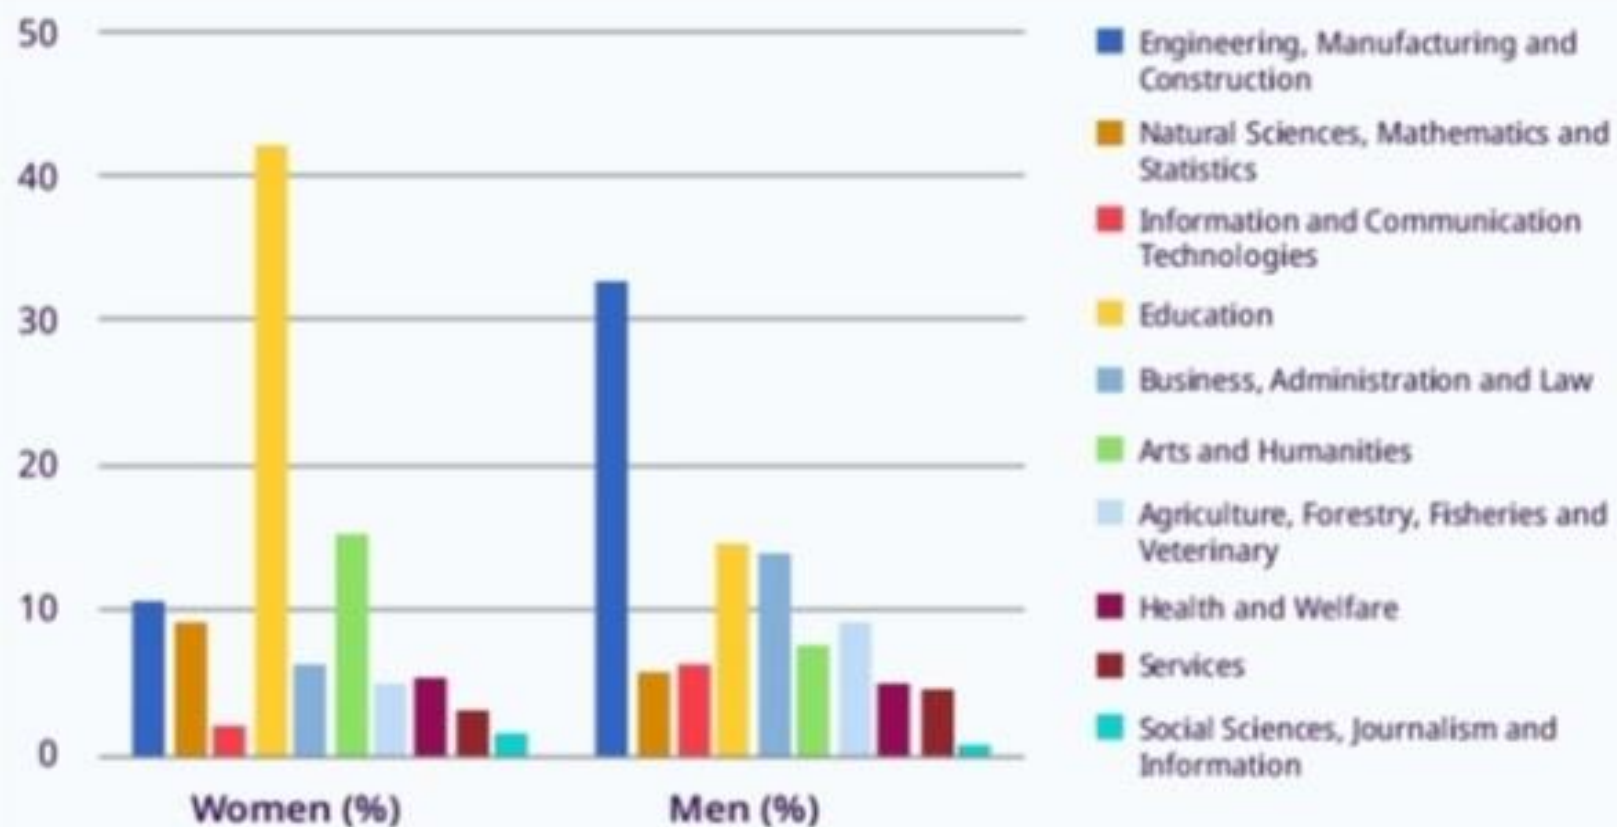

GENDER SEGREGATION IN EMPLOYMENT

In addition to the sharp gender division of labour between paid and unpaid work, segregation between women and men in employment is strong both vertically and horizontally.

Women's share of employmen (%).acording to 2018-year-information.

- ○ ○ ○ There are significant gender differences regarding the areas study for specialties in higher education institutions.

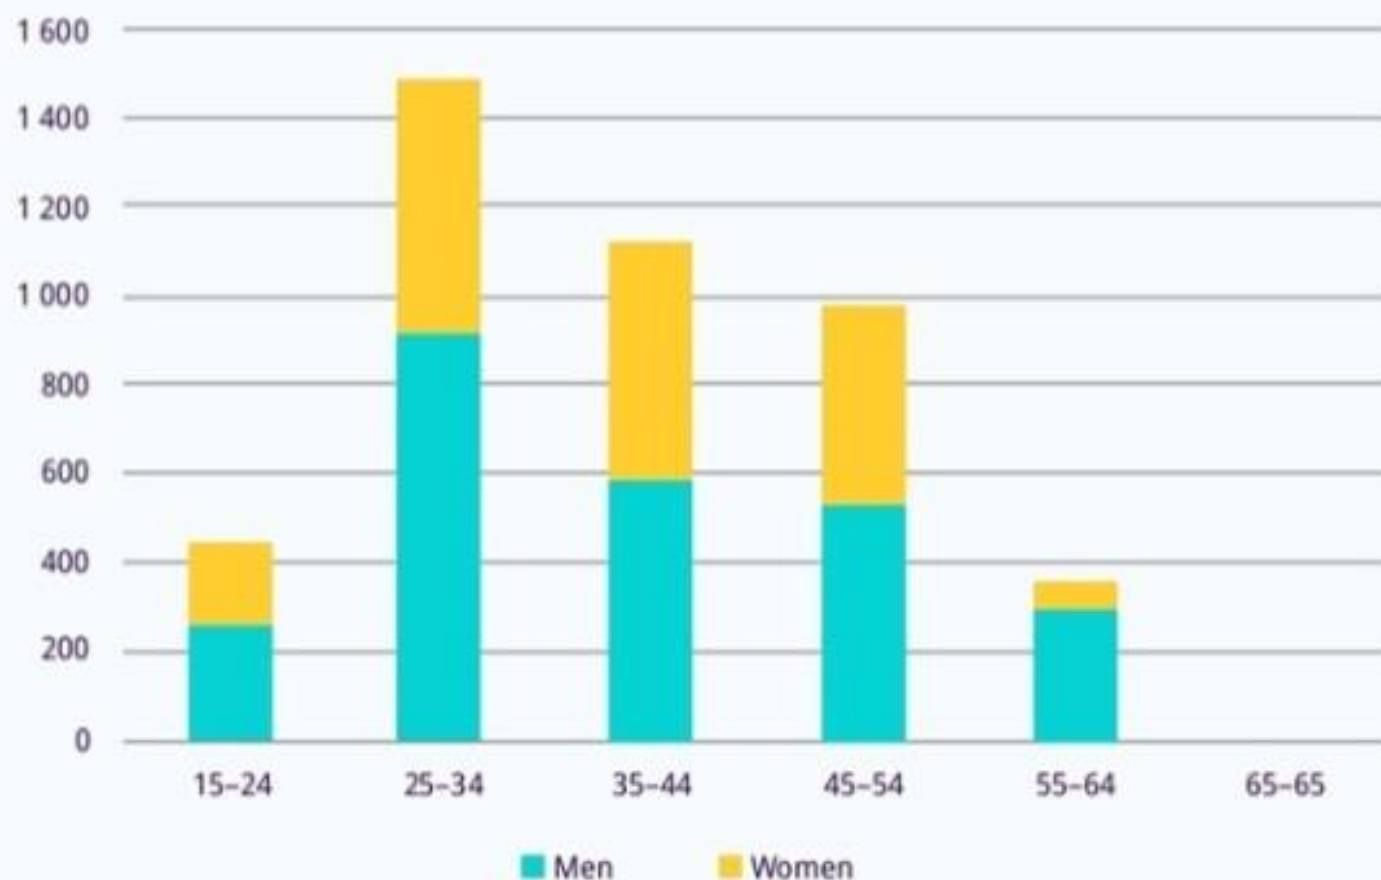

Entrepreneurship policy

- The government promotes entrepreneurship, that helps to increase women's employment. Women's Entrepreneurship (WECs) have been established with the status of a non-governmental non-profit organization.

Rising the rate of informal employment, the representation of women in formal full-time employment can be limited, so there is a need for a social protection floor.

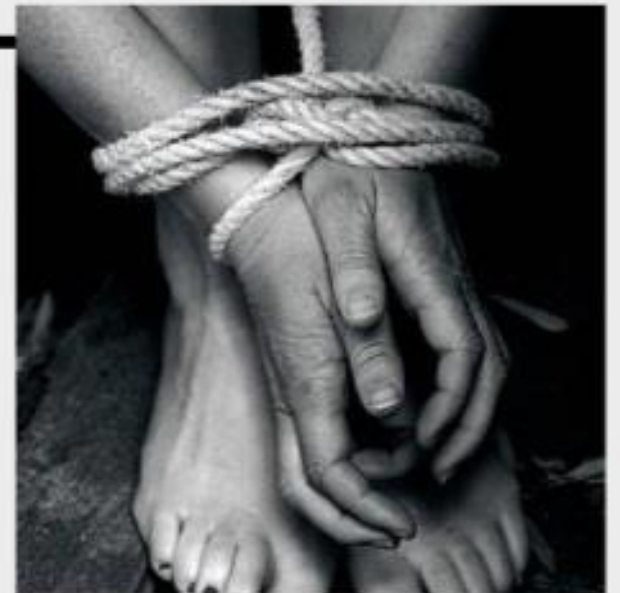

Social security coverage of the employed population (thousands), by age group and sex, 2018

Forced labour and child labour have been major concerns in the country. The constitution of Uzbekistan stipulates that any forced labour shall be prohibited under the sentence of a court or some other instances stipulated by law.
